Ms. Marlene H. Dortch
Secretary
Federal Communications Commission
445 12th Street, S.W.
Washington, D.C. 20554

EX PARTE

RE: Commercial Availability of Navigation Devices (CS Docket No. 97-80)

Ms. Dortch:

On March 18, 2003, representatives of Motorola's Broadband Communications Sector: Mark Depietro, Vice President, Marketing and Systems Engineering, and Kevin Wirick, Vice President, Marketing, accompanied by Richard Wiley of Wiley, Rein & Fielding, and I met with Susan Eid, Legal Advisor to Chairman Powell, Stacy Robinson, Legal Advisor to Commissioner Abernathy, and Sarah Whitesell, Legal Advisor to Commissioner Adelstein. The same Motorola representatives, accompanied by Greg Vogt of Wiley, Rein & Fielding, and I also met with Catherine Bohigian, Legal Advisor to Commissioner Martin and Alexis Johns, Legal Advisor to Commissioner Copps.

The purpose of the meeting was to discuss issues relating to the above-referenced proceeding, including the need for a decision by the Commission given our manufacturing lead time of 18-24 months for volume production. We also discussed the advantages of expanded choices for consumers without the 1/1/05 ban and Motorola's commitment to point-of-deployment module ("pod") production and retail sale.

Respectfully submitted,

/s/ Christine G. Crafton
